

WAH WAH HTWE

SENIOR COST, MANUFACTURING FINANCE
& FP&A SPECIALIST

EXECUTIVE PROFILE

Strategic and operational Corporate Finance specialist with 11+ years driving plant profitability, margin optimization, and enterprise growth in global food manufacturing. Fuses hands-on cost accounting rigor (LCCI) and deep SAP architecture mastery (MDG, PP/PI, MM, CO) with NUS-backed data analytics to build predictive variance models and automated Power BI controls. Proven business partner who translates shop-floor mechanics into corporate strategies that expanded gross margins by 3%, reduced operational variances by \$1.5M, and optimized inventory turnover within manufacturing plants.

KEY ACHIEVEMENTS

- ♦ **SAP S/4HANA Implementation:** Acted as key contributor and finance SME during full-scale ERP transaction and master data alignment.
- ♦ **Yield & Efficiency Optimization:** Delivered a 5% yield improvement and identified key opportunities to boost production efficiency by 3-5%.
- ♦ **Financial Control:** Built and maintained a robust standard costing model yielding \$50,000 in annual recurring savings.

EXPERIENCE

COST ANALYST

Q.B Food Trading Pte Ltd  (A Subsidiary of Johnsonville LLC, USA)

09/2021 – 08/2025
Jurong Singapore

- ♦ Led end-to-end manufacturing cost analysis and standard costing (BOMs, labor, overheads), improving cost transparency and supporting a 2–4% improvement in gross margin through identification of high-impact cost drivers.
- ♦ Performed detailed variance analysis (standard vs actual, budget vs actual), identifying operational inefficiencies and outdated standards, resulting in annual cost savings of \$50,000 and updates to standard costs that enhanced forecast accuracy.
- ♦ Designed and implemented Power BI dashboards to monitor cost trends, production efficiency, inventory turnover, purchasing metrics, and key variances, streamlining reporting and providing actionable insights for finance and operations teams.
- ♦ Assisted in budgeting and forecasting by delivering variance insights, strengthening cost control and financial planning.

TECHNICAL & DOMAIN SKILLS

Costing & Financial Planning

- ❖ Standard Costing
- ❖ Actual Costing
- ❖ Cost Roll-up
- ❖ Cost Optimization
- ❖ Variance Analysis
- ❖ BOM Analysis
- ❖ Inventory & WIP
- ❖ Margin Optimization
- ❖ Budget & Forecasting

Data & Analytics

- ❖ Power BI
- ❖ DAX
- ❖ SQL
- ❖ Python
- ❖ Data Mining
- ❖ Advanced Excel

- ◆ Collaborated with operations, supply chain, finance, and R&D teams to implement process improvements and cost optimization initiatives, enhancing operational efficiency and sustainable cost control.
- ◆ Conducted cost benchmarking and pricing analysis using historical data and cost structures to support strategic pricing and profitability decisions.
- ◆ Engaged with warehouse and production teams to manage inventory control, implementing processes to improve stock accuracy, reduce waste, and enhance overall operational efficiency.

COSTING EXECUTIVE & REPORTING

04/2014 – 08/2021

- ◆ Served as SME for SAP S/4HANA Master Data Governance (MDG), owning governance of material master, production process, and costing data, defining data standards, validating changes, and ensuring compliance to support accurate manufacturing costing and financial reporting.
- ◆ Acted as key finance and costing user during SAP implementation, partnering with IT on requirements gathering, user acceptance testing (UAT), data validation, and process alignment.
- ◆ Owned SAP PP/PI production order processing, ensuring accurate production reporting, yield analysis, and labour efficiency tracking.
- ◆ Conducted yield improvement analysis that identified opportunities to boost production efficiency by 3–5%, recommending actionable cost-saving measures to enhance margins.
- ◆ Managed SAP MM inventory utilisation, batch controls, and stock movements, supporting inventory accuracy and audit compliance.
- ◆ Executed month-end close activities, including WIP calculations, order settlements, and reconciliation of cost variances.

ACCOUNTS EXECUTIVE – A.R

07/2012 – 03/2014

- ◆ Managed end-to-end accounts receivable operations, including invoicing, cash application (cash, cheque, GIRO), reconciliations, and aged receivables reporting.
- ◆ Monitored customer credit limits, payment terms, and outstanding balances, proactively following up on overdue accounts to support healthy cash flow.
- ◆ Investigated and resolved billing and payment discrepancies by liaising with sales, customer service, and customers, ensuring accurate and timely resolution.
- ◆ Prepared and reviewed A/R aging reports, highlighting high-risk accounts and supporting management decisions on collections and credit control.
- ◆ Supported month-end closing by ensuring accurate A/R balances, timely reconciliations, and proper documentation in line with accounting standards.

Systems & ERP

- ❖ SAP S/4HANA (CO, PP-PI, MM)
- ❖ MYOB
- ❖ Microsoft Dynamics (Navision)

EDUCATION & CERT

 2024 - 2025

CERT IN ANALYTICS – DATA TO INSIGHTS

National University of Singapore | Singapore 

 2009

DIPLOMA IN ACCOUNTING (LCCI LEVEL 3)

LCCI Training Centre | Mandalay | Myanmar

 2009

CERT IN MANAGEMENT ACCOUNTING (LCCI LEVEL 3)

LCCI Training Centre | Mandalay | Myanmar

 2001 - 2003

BACHELOR OF ARTS (ENGLISH LITERATURE)

Yadanabon University | Mandalay | Myanmar 

LANGUAGES

- ❖ English (Professional / Fluent)
- ❖ Burmese (Native)

OPERATIONS ADMINISTRATOR

Apex Link Pte Ltd 

09/2010 – 06/2012
Kallang, Singapore

- ◆ Supported operational billing and invoicing using MYOB, ensuring accurate documentation and timely issuance to customers and vendors.
- ◆ Verified service job sheets against quotations and customer purchase orders to ensure billing accuracy and compliance with agreed terms.
- ◆ Processed customer payments, monitored collections, and followed up on overdue accounts in line with payment terms.
- ◆ Organized for consistency and supported vendor invoice matching and coding to ensure accurate financial records.
